### **CVSN Adds Humphrey Service Parts Inc. to its list of Quality Member Companies**

**(Jacksonville, FL – DEC 6, 2018)** – CVSN is proud to announce that Humphrey Service Parts is a new member of the association.

Humphrey Service Parts is a local family owned company in its second generation located in Milwaukee WI. Also a member of VIPAR, Humphrey is a small but successful business with the parts, pricing, service, and inventory that its customers need in order to help them save money. Humphrey Service Parts does its best to make their customers feel welcome no matter what size of fleet they may have. Their customers might have several thousand trucks or just one truck, regardless; Humphrey treats them the way we expect to be treated! Humphrey prides itself in being a step above other parts suppliers. If you have questions about a part or questions about identifying a part, they have the personnel and resources to help you. Whether it's over the phone or in person, when you have a question, they do the hard work of researching and finding the right part for you ultimately saving you time and money. After all Service is Humphrey's middle name!

Humphrey Service Parts President Kurt Mason added, "The main reason for joining CVSN was for the networking opportunities and being part of a larger more established network"

CVSN Executive Vice President, Angelo Volpe said, "We are proud to have Humphrey Service Parts as a new member of CVSN to help us support and educate the industry on key legislative issues like Right to Repair/Telematics and welcome their participation in our distributor training initiatives and other programs."

To learn more about CVSN and association membership visit [www.cvsn.org](http://www.cvsn.org) or call 904-737-2900.

**About CVSN:** CVSN ([www.cvsn.org](http://www.cvsn.org)) CVSN is the voice of the heavy duty independent aftermarket distributor. The mission of CVSN is to strengthen its members' businesses through training and education and building strong relationships between members and their supply partners across North America. CVSN is leading the efforts to protect the independent aftermarket from challenges brought by the OE vehicle manufacturers and government regulations. CVSN is a co-owner of the all-industry HDAW along with the Auto Care Association (ACA) and the Heavy Duty Manufacturers Association (HDMA). The association also is a partner in the annual CVSN/GenNext Training Expo and is host of the annual Aftermarket Distribution Summit geared to the top level management of the distributor member companies, supplier partners and spouses.
